

## Welcome to N-GENioUS Learning

N-GENioUS is a private alternative learning option available to students in grades 2nd through 12th grade. As a small company, we have the freedom and resources to enhance our students' education based on their individual needs. N-GENioUS combines a powerful academic tradition with an inclusive spirit and a warm, friendly environment. We celebrate academic excellence and collaboration, as well as individuality.

Our small class sizes, expert teachers and innovative curriculum combine to create high quality and engaging educational experiences. N-GENioUS takes a hands-on approach to learning, which removes the focus on repetitive memorization drills and teaches students how to become more efficient critical thinkers and independent problem solvers.

In addition to academics, our daily activities promote organization, test taking skills, self-confidence, motivation, teamwork, accountability and communication skills. This broad-based method ensures students will not only succeed academically, but possess a solid learning foundation to apply in their everyday lives and build on outside the classroom.

### OUR VALUES

**Our success is founded on our dedication to the following core values:**

#### **Integrity**

Having the courage to speak our minds, and conduct ourselves in an open, honest and consistent manner.

#### **Excellence**

To be self-critical and committed to the pursuit of excellence and personal evolution.

#### **Responsibility**

Respecting our commitments to our students, parents and teachers.

#### **Respect**

Valuing the differences as well as similarities in all of our students, parents and teachers.

#### **Innovation**

Commitment to adding value to our programs through ingenuity, determination and passion.

**The mission of N-GENioUS is to provide engaging learning experiences to students through innovative educational programs. We offer students the opportunity to learn in a unique environment: one which employs creativity, exploration and growth through an applied learning curriculum. Our methods create lifelong learners and inspire students and teachers alike to extend themselves beyond typical boundaries.**
