

## Middle School (6th - 8th) Tutoring and Homework Support

N-GENioUS offers personalized tutoring and enrichment options designed to help middle school students make the transition into high school. We focus on a combination of building upon foundational skills from their past, as well as strategy-based methods to help students develop essential study habits. These skills are necessary for success and will help them throughout high school and college.

### MATH

N-GENioUS Math shows students how they can apply math skills in everyday situations and emphasizes the importance of understanding the thought process behind complex equations. **Our middle school program reinforces basic math skills, and covers advanced topics such as Algebra, Geometry, and Data Analysis.**

### SCIENCE

N-GENioUS Science offers a hands-on, realistic approach to understanding key scientific principals in all areas of science. We help students make sense of complicated concepts, as we assist them in developing key study habits and note-taking strategies that are essential for success in any science class. **Our middle school program covers all science disciplines, including Earth Science, Life Science, Physical Science, Scientific Methods, and Computer Science.**

### READING

N-GENioUS Reading is essential to success in every learning situation. Our reading specialists are here to help students become skilled, enthusiastic, and successful readers. **Our middle school program covers subject-specific reading, active reading, strategies for note-taking, summarization, and skimming.**

### WRITING

N-GENioUS Writing emphasizes each step of the writing process from idea generation to drafting and revision. **Our middle school program covers a variety of writing forms including personal, descriptive, comparative, literary response, and reports.**

### LEARNING HABITS

In addition to subject-specific material, N-GENioUS concentrates on the core fundamentals of learning such as test-taking skills, critical thinking, organization, and study skills. We work with students to build their self confidence, improve their attitude toward learning, and teach them how they can take personal responsibility for their own academic success.

**Let us help make the transition through middle school a success.**
